Dear Sir:

Pursuant to 37 C.F.R. Section 1.97-1.98, and in accordance with the duty of candor set forth in 37 C.F.R. §1.56, applicants wish to make the following references of record in the above-identified application. Copies of the references cited below are enclosed along with a copy of completed PTO Form-1449 and fee pursuant to 37 C.F.R. § 1.97 (c) and 1.17(p).

IV. Discussion

In regard to the foregoing references, many pertain to the general state of the art. Others have been cited in regard to related applications. In particular, reference numbers 1-39, 41-44, 47-74, 76-90, 94, 97, 99-101, 103-104, 108-111, 114-115, 117, 119-121, 123-128, 131, 134, 137, 140-142, 144-146, 148-151, 153, 157, 158, 164-165, 167-186, 188-190, and 202-243 have been cited in regard to U.S. Application Serial Number 09/478,916, to which the present application claims priority. In addition, reference numbers 40, 91-92, 98, 106-107, 116, 130, 133, 147, 151-152, 161-163, 187 and 250 have been cited in regard to U.S. Application Serial Number 09/655,010, to which the present application claims priority. Furthermore, reference numbers 46,

70, 96 and 166 have been cited in an International Search Report established in regard to an international application claiming priority to U.S. Application Serial Number 09/655,01.

Applicants submit that these documents, whether taken alone or in combination, fail to show or suggest the claimed subject matter. Applicants request that the Examiner consider the entirety of each document and make them of record in this application. Applicants' submission of these documents for consideration is not to be construed as an admission that the documents qualify as prior art to the claimed subject matter, a representation that a search has been made, nor as an admission that the information is considered to be material to patentability.

Respectfully Submitted,
